# Earlier BCIC Tournament Format

## Reconstructed reference document

The original downloadable file could not be retrieved as a valid PDF. This edition preserves recovered source text and is not the original binary or an announcement of a future tournament.

## About this reconstruction

This replacement is based on the recovered format webpage dated February 18, 2025. It is not a claim that the missing PDF contained identical text. The final 2025 program narrowed the field to Division II and ended March 22. See program-guide.pdf for the final game schedule.
